**SITUATION IS CRITICAL**

United States is Watching Closely for  
Any Developments Which May  
Result from the Latest  
Complications on  
Border.

Mexico has severed diplomatic relations with Cuba. This action by the Mexican government comes unexpectedly, from announcements from Mexico City. Official confirmation from Cuban government is lacking but it is reported there have been rumors in Havana of strained relations between the two republics. The Mexicans should "charge" to Cuba left there this week for home.

[BY ASSOCIATED PRESS.]

Mexico City, May 25.—Mexico has suffered diplomatic relations with Cuba after a report about the Mexican affairs at Havana, and that Cuban ministers have been recalled. The recall of the Mexican representatives to Cuba and the breaking of new relations is proclaimed officially as due to the fact, because of the war in which Cuba is involved that that government has not been able to prevent in many instances. So for this reason it is declared that the Mexican representatives is enforced to make peace with the Cuban government which is now in a dangerous

**Makes Statement.**—Candino Aguilar, minister of foreign affairs, gave a statement last night announcing the government's interpretation of Mexico.

The statement follows: "The president of the republic at an official meeting has decided that the government has the right to recall the Mexican diplomatic representative in Cuba and to stop for an indefinite period the selecting of a new republic because it is necessary to take the measure for the high level and interest of the two nations at this actual moment of war. The state of war in which Cuba is involved has obliged the government of Cuba to take the measures, which in many cases reflect the interest of the Mexican people."

ernment and her citizens and for this reason, the Mexicans would be called upon to make frequent representations to the Cuban government which would be useless, and would destruct the liberty of action of a friendly nation.

"In consequence, our diplomatic efforts would not produce at this time any practical results and would only produce tension in our relations which would have to be cleared up later. We must maintain the broken sentiment which has always bound us to the people of Cuba and Latin American countries."

"Mexico upon recalling her diplomatic representative from Cuba gave eloquent proof of her consideration and respect for the sovereignty of the friendly government which is now

passing through a critical period  
at the same time furnishes proof of co  
fidence in virtue of which the Me  
can government expects her citizen

justice and equality only and the great aspiration of the Mexican government for a better international relation.

Washington, May 25.—The state department have received information from its own sources that the Mexican diplomatic representatives have been withdrawn from Cuba. Further advises were expected during the day.

The Mexican statement giving reason for the recall of the Mexican charge to Cuba impressed officials t

the Mexican government actually expressing its resentment at the withholding of Cuban sugar and other supplies. The force of these restrictive measures were adopted by Cuban government in conformity with the request of the American food administration and doubtless was known

As Mexico cannot expect to make a successful protest to the allies

any successful project in the United States against these restrictions officials believe she has had sort to the plan of bringing pressure to bear on Cuba and it was believed this first step would be followed by retaliatory measures of an economic nature.

It was regarded as possible an effort would be made to stop exportation of Mexican petroleum to the

land. Interference with this oil supply might lead to serious trouble between Mexico and entente allies in America. It is a naval necessity source of fuel supply. Officials are willing to discuss the effect of relations of Mexico and U. S. on Mexico break with Cuba.

## PLAN DEMONSTRATION FOR THE 34 SELECTS

ROCK COUNTY BOYS LEAVING  
MONDAY MORNING FOR CAMP  
GRANT WILL BE GIVEN A  
ROUSING FAREWELL.

PARADE AT 10:15 A. M.

Bower City Band and Platoon From  
Company "G" Will Escort Boys  
to the C. M. and St. Paul  
Depot.

Hundreds of Rock county citizens will gather at the Chicago, Milwaukee and St. Paul depot Monday morning to bid farewell to the thirty-four select men who are scheduled to leave at ten-forty-five o'clock to enter military service at Camp Grant, Rockford.

Ten selects from Darlington, who will arrive in the city at ten-fifteen, will also leave in company with the local boys. At Beloit a contingent of forty-one men will board the train and the entire increment of 177 selectmen will reach the Rockford cantonment at twelve-thirty-five.

Arrangements for a farewell demonstration and parade have been completed by the National Service Welfare association and there is little doubt but that the boys will be given a send-off that they will long remember.

A demonstration similar to those which have been held for other contingents is planned. The Bower City band will head the parade from the postoffice to the depot at ten-fifteen. A platoon from Company "G," Wisconsin State Guard, will act as a military escort to the selects and maintain order at the depot.

The boys were scheduled to report for preliminary instructions at the local board office this afternoon at four o'clock. At this time a leader was chosen to take charge of the boys during the time of their detention. The majority of those reported for this afternoon will be allowed to return to their homes over Sunday. But it may be necessary to keep one or two in this city until Monday morning.

The quota for Rock county Dist. No. 1, as it will be listed above, is listed as thirty-two men, but the board has decided to send two extra men to take the places of two who have been discharged.

The list of the thirty-four men who will leave Monday morning and the names of nine alternates, follows:

## VOICE OF THE PEOPLE

In Thursday's Gazette I noticed two or three communications regarding the "Your Share Is Fair" plan.

Apparently the trouble with these persons is they have not realized the country is at war and that it is a real war; they look upon it only as sort of an academic discussion going on in the newspapers.

As a matter of fact, the "Your Share Is Fair" plan is, in my opinion, the sanest and fairest method raising money yet devised for the war benevolence. In this campaign they have made their assessments, and did so willingly, after the plan was explained to them and they understood it. Formerly many of these men have been paid by the government, but they have not been paid by the government.

I call to mind a case which came to my attention during the campaign. A man who was assessed for \$100 somewhat strenuously objected paying this, saying that he had been a liberal contributor to the Red Cross, etc., and that he thought he had done enough. His record was looked up and it was found that since the Red Cross was organized he had paid the government \$100 for a Red Cross membership. When he was confronted with this fact he was ashamed of himself and said that he must have been mistaken. The result was he paid his assessment without further quibbling.

You will call to mind the working girl in this city who was assessed by the Council of Defense office to pay her assessment and said: "My heart is in this matter and I want to help more than my assessment dollar and a half. I am making so little compared with the boys who offer up their lives." She laid down a check for \$50 more than five times the amount of her assessment.

The men who were behind and put in force the "Your Share Is Fair" plan were representative men from every town in the county. They are captains and lieutenants willingly and even gladly contributed their time—days and even weeks in some cases. This work was done at great personal sacrifice and inconvenience, and at a time in the country at least, when the roads were well nigh impassable so far as driving was concerned; so many of these men walked and carried their assessments, too, every one of these men had paid their share—were Liberty bond buyers as well. Each man received absolutely no monetary consideration; paid his own hotel and other expenses.

The funds collected will all be accounted for, even to the last penny. No money can be checked out without authorization of the finance committee, which is composed of responsible men of known standing, such as H. W. Seymour, general manager Fairbanks-Morse company, Beloit; Charles F. Lathrop, governor of Turtle; C. J. Pearsall, manufacturer, Evansville; J. M. Conway, tobacco dealer, Edgerton; M. O. Mount, attorney, Janesville; O. Howe, manufacturer, Janesville.

The thousands of loyal contributors of "Your Share Is Fair" campaign are a million times more concerned in regard to the welfare and comfort of the nation than the few who are offering to give their lives if necessary, and who are now taking training, or are on the battle line. The few who are offering to give their lives if necessary, and who are now taking training, or are on the battle line. The few who are offering to give their lives if necessary, and who are now taking training, or are on the battle line.

Those responsible for the "Your Share Is Fair" campaign have no apologies to make.

GEO. S. PARKER.

Janesville, May 5, 1918.  
Dear Mr. Editor: Help! Isn't it a fine thing for our community at large that those who would have us swallow their Fro-German LaPollette's doctrine as embodied in their letters to the people through the medium of this column, as in last night's Gazette, are few and far between? The one-tenth of one per cent would probably cover their number.

The one who wrote that he had "been waiting for a long time" for some one to spring to the defense of the actions of one who got the yellow paint he so richly deserved, must realize how hopelessly in the minority he is through the fact that he is practically alone in such defense. We are well aware that the "beast of Berlin" could look upon the debauchery and

butchery of mothers and girls and the bayoneting of babies and still say "Gott mit uns."

Why prate about the purchase of Liberty bonds when they are as fine an investment as can be had, with an assurance that at maturity the principal will be returned and in the interim a goodly rate of interest will be paid?

Is that giving?  
It is not. It is playing a sure thing. One who sets him or herself against the ideas of a community practically unanimous as a whole must be wrong. Probably in Janesville, as in other places of its size, is someone who is within handshaking distance of our frontier at the time when the law was not upon our statute books relative to the punishment for cattle or horse stealing. So-called neckties, buttons, emblems and left nothing to the imagination.

Time and conditions it would seem have all to do with certain measures. I believe that that the party in question got what was coming to him and that there are others who could not by having a coat of paint put on bring out their predominant hues brighter than it is at present.

While the boys are giving their lives we can do no more than give. It is up to us plainly and squarely. Respectfully, one who knows the boys at the front.

HAL REIFENBERG.

## FRIDAY'S MARKETS.

Hog receipts yesterday were several thousand head larger than expected. The price of hogs was large as a week ago. Including state stock and deducting those to packers from other markets, sellers had around 38,000 to offer and buyers were in good request. A week. Closing top of \$17.75 was 46c lower than high day of the week.

There was a better tone to the cattle trade, but orders for price stock went unfilled, as that class was lacking.

Many lambs sold yesterday at 50¢ above the low time earlier in the week and top woolers Colorado to packers and shippers at \$9.90 stood 40¢ higher than the previous week and 30¢ higher than a year ago, standing only \$1.20 below the prevailing record, made April 23.

Next Monday's probable receipts of hogs are variously estimated at 35,000 to 60,000. F. W. Waddell marked 45,000; H. O. Booth, 40,000; E. R. Gentry, 45,000; F. Burrows, 40,000; W. Garret, 35,000; and Felix Gehrmann, 60,000.

Average price of hogs at Chicago was \$17.35, against \$17.57 Thursday, \$17.20 a week ago, \$15.83 a year ago, \$9.71 two years ago, and \$7.71 three years ago.

## Cattle Trade Firmer.

Steers sold strong yesterday, but nothing prime showed up with best on sale at \$17.35. Butcher stock went steady, while calves ruled strong, one prime lot selling up to \$14.65. Bologna bulls were in good request and firm with butcher grades slow and barely steady.

Choice to fancy steers \$17.25@17.75. Poor to choice steers \$12.50@17.15. Yearlings, fair to fancy \$12.25@17.00. Fat cows and heifers \$6.25@15.25. Canna's, cows and cutters \$7.10@8.15. Native bulls and stags \$9.00@13.50. Stockers and feeders \$9.00@13.85. Poor to fancy calves \$10.00@14.65.

## Hogs Sharply Lower.

Hogs sold largely 15@20c lower yesterday, and some on the close showed 25c decline. Receipts were larger than expected, but packers bought liberally. Early top was \$17.70. Pigs cleared steady to 10c higher, and were active, best going at \$17.55. Elevator markets had \$7.00 or 25,000 more than a week ago and 11,000 over a year ago.

Bulk of sales \$17.20@17.55. Heavy butchers \$17.20@17.55. Light butchers \$17.45@17.70. Light bacon \$17.35@17.70. Heavy packing \$16.80@17.15. Mixed packing \$16.90@17.20. Rough, heavy \$16.20@16.50. Poor to best pigs \$15.00@17.60. Stags \$15.75@16.65.

## If I Can't Help You I Will Tell You

You suffer from Stomach trouble and wish relief. A bad stomach means bad Health. The stomach is the body reservoir, receiving and retaining all substances taken into the body through the mouth. The stomach requires an unimpaired strength to perform its duties, and when this strength is denied, there immediately sets in a period of reaction. Then the food instead of digesting, ferments. The result is that your stomach becomes similar to a garbage can which has not been emptied. Any one can realize that this will cause a poison to be transmitted into the blood which in turn may cause one of many diseases. THE STOMACH NEEDS STRENGTH. ITS ONLY MEANS OF SECURING IS THRU THE NERVES WHICH FEED IT. A weak stomach has weak nerves. Weak nerves are invariably the result of spinal derangement, which may be the result of a fall, strain or sitting in an unnatural position. This derangement can be adjusted quickly and easily by CHIROPRACTIC ADJUSTMENTS. There is nothing taken inwardly; the CHIROPRACTOR works altogether on the spine at the place where derangements occurred. There is no need of any one suffering from Stomach Trouble. Call and see me. ## Pleasant Fields Of Holy Writ

THE INTERNATIONAL SUNDAY SCHOOL LESSON.

Second Quarter, Lesson VIII, 28-34: 41-44, May 26, 1918.

Golden Text: Render unto Caesar the things that are Caesar's and unto God the things that are God's. Mark XII, 17.

JESUS SILENCES HIS ADVERSARIES.

Three questions were put to Jesus in succession by as many different parties and with varying motives, but with one result, astonishment at the divine wisdom of his answers. One question was political, another theological, and the last religious. The first question was nothing but a figure four trap set with consummate skill and watched with malicious cunning. "Is it right to pay tribute?" An affirmative answer would have made further access on the part of Jesus to the people impossible. It would have branded their hatred. It would have stopped all ears. Given a negative answer and Jesus would have been cited instantly for sedition against Rome. In either case a categorical reply was the reduction of a great spiritual and perpetual enterprise to the narrow bounds of a political and passing incident. Render to Caesar the things that are Caesar's is the recognition in general terms of established government. "Render to God the things that are God's" holds the mind to the sphere which pre-eminently was Jesus' own. The Sadducees, the materialists of that day, denying immortality and resurrection, put a supposititious case, gross and sensuous in its implications, the very soundings of which made the future life appear preposterous. This question Jesus answered because it related to his doctrine. He said "The reason of your error is your unfamiliarity with the scripture, a single saying of which

tought to set you right. God is the God of Abraham, Isaac and Jacob." That is supposed to be a title of honor, but what honor is there in it if these ancient worthies are annihilated. Consequently they are not. He is the God of the living, not of the annihilated. They live but not in the sensuous relationships of the present. They live as the angels. The scribes' question was the religious one, put honestly, without ulterior motive. He was lost in an impenetrable forest of commandments and prohibitions, the infinite mass of ecclesiastical details. He believed if Jesus would only put him next to the one comprehensive truth it would bring him to freedom and God. Jesus' reply is quick, candid and convincing, conclusive. Again it is not the affirmation of the novel or esoteric. Once more Jesus cites an enquirer to the old familiar Scripture, repeated three times a day by the orthodox Jew, written in the "mezuzah" on his door post and the phylactery of the scribe, the sublime chant "Hear O Israel, Jehovah our God is one Jehovah and thou shalt love Jehovah, thy God, with all thy heart, soul and might." Thou shalt love thy neighbor with the same kind of love as that with which thou lovest thyself. Candidly and gratefully the scribe expresses his entire satisfaction. He may well cry "Eureka!" "I've found it!" He had at length in his possession, the comprehensive truth, the duty of duties. This announcement, self-evident and conclusive makes even the articulation of the inducero and trivial impossible. Voluble caviling is at an end. Boisterous, self-confident and self-sufficient mouths are shut. Jesus follows up his advantage by a timely warning manifestly justified by the cowardly and insincere questions the character of which he had so completely exposed.

THE TEACHER'S LANTERN.

Jesus' "reasoned word" because he handled principles fundamental to human life and consequently of universal and perpetual application. It was a brand new way. The teachers of his day dwelt upon the local and transient, small and nice details, things of mint, annis and cummin. Jesus taught love, mercy, justice and truth and that too, not in vague and shadowy theory, but in concrete forms of "everyday relation, experience and duty. That is the reason why Jesus maintains supremacy as a teacher, why as even Roman says he will never be surpassed. The fundamental, universal and perpetual character of Jesus' teaching is the justification of so-called "foreign missions." All now everywhere and always, need his doctrine. It is the salt that cures and keeps. It is just as necessary and potent in the heart of China and Africa as of Europe and America. That neighborhood which recognizes relative need rather than mere geographical location is the hall-mark of missions. Missions will also stand the test of utility. It is the giving which endures, the losing which is a finding according to Jesus' words. In its wake follows sanitation which sweeps the plagues at their fountain-head, the opening of the sources of raw materials for the Western world and new markets in the Eastern world. This was freely admitted by Charles Darwin, who on this ground solely made his annual contribution to the cause. The New Testament is a handbook of citizenship and patriotism. It is all epitomized in the saying of Jesus, "Render to Caesar the things that are Caesar's" and of Paul, "Be obedient to the powers that be." Former President Taft answers the imputation that the United States had been untrue to the principle in dealing with the Philippines, namely "government rises

from the consent of the governed" by saying that the framers of the Declaration had in mind a type of persons, in this instance, the colonists, who were competent to form a government. The first act of the Government was to put a thousand school teachers in the islands with a view to bringing the natives up to a position where they would be competent to choose their form of government and maintain it. At such time their independence is guaranteed. A more apt and noble illustration of the high function of the school teacher could not have been given.

DOING HIS WILL.

Motto: Obedience: Dutiful compliance with a command, prohibition or known law and rule prescribed. Century Dictionary.

Analyze the act of a child sent on his first errand. The elements of it are (1) Faith: He believes the storekeeper has the object desired and will part with it for the bit of metal his mother has put in his hand. He has no knowledge or experience. He believes it on his mother's word (2) Love: He overcomes disinclination or natural timidity. He goes. Love for his mother is the impulsion. Any sort of obedience to God or the whole life of devotion to him on analysis will be found to contain precisely the same elements, namely: Faith that what one undertakes is God's will and the same undertaken under the propulsion of Love. Such obedience is the sustenance of the soul; as Jesus said "My meat is to do the will of him that sent me." Again, it is the ineffable pleasure of the soul. "Doing thy will is my delight."

## SHARON

Sharon, May 24.—Ida Euston and brother, George of Fort Lupton, Colo., who have been visiting relatives in New York, returned home Thursday evening. Charles Wolf transacted business in Chicago Thursday. Miss Nellie Simonson, a nurse in the Janesville Mercy hospital, is spending a few days with her mother, Mrs. Sanna Morgan. Mrs. Ethel Patterson returned home from Janesville Wednesday evening, where she has completed a course in surgical dressings. The class which is being started under the auspices of the Eastern Star, will start about June 1st, and will be open to every lady of Sharon. Whether a member of the Eastern Star or not, and it is hoped there will be a large number to enter the class. Gus Peterson returned to Janesville Thursday and brought home his sister, Miss Sara Smith, who has been a patient at the Mercy hospital for the past two weeks. Her mother came home from Keshopee Wednesday evening for a few days' forced vacation on account of a sore arm. F. C. Denmore and son, Arnold, went to Chicago Thursday to see a specialist in regard to the health of the latter. At a meeting of the school board Wednesday evening it was decided to cut German from the course of study in the public school. Reginald Crosby, who has been employed at Libby, McNeil & Libby for the past few months, left Wednesday for his home in Madison, and will report for service in the army in about a week. He expects to go to Camp Grant. George Bonnell and Henry Kompf were called to Elkhorn this week to act on the jury. The baccalaureate address will be given next Sunday evening by Rev. C. E. Potter at the Lutheran church, and every one is cordially invited to be present. Mrs. Ed. Lilley and mother, Mrs. Tietjen, left Wednesday morning, visiting the former's brother, Frank and wife. Union Memorial services will be held in the M. E. church on Sunday morning and Rev. E. C. Potter will deliver the address. All members of the G. A. R. and W. R. C. are requested to meet at the G. A. R. hall at 10:30 and march to the church in a body. Mr. Welch, who works at Hebron, Ill., is visiting his parents, Mr. and Mrs. M. Welch. Mr. and Mrs. S. Conley and son, William, were Beloit visitors Thursday. Mrs. Caroline Wiedhimer is visiting her son, Pete and family near Darien. Mrs. P. Totten went to Poplar Grove Thursday, where she will make an indefinite stay. Carl Reiter and Carl Voss went to Janesville Friday to see George Schultz, who is a patient in the Mercy hospital. There are 102 men selected from Walworth county to go in the next draft and will report at Elkhorn Saturday. Of this number Sharon will furnish two, Frank Wolfson and Arthur M. Seaver.

The Gazette is for sale in Sharon by Lyle Burton. Deliveries will be made to your home if desired.

## Brodhead News

Fine Meeting.

Brodhead, May 24.—The regular meeting of Pearl Lodge, No. 84, K. of F., last evening was a splendid social affair, planned first for the members, who leave today for Camp Grant, and later as a time to entertain delegates from Evansville and Janesville who came to present the silver cup to the Brodhead lodge whose third rank team won the silver cup at the contest recently held in Janesville. There were many short speeches, stories and talks and later refreshments were served and all had a good time.

To Organize Martial Band.

Public-spirited citizens of Brodhead are financing a movement for the organization of a life and drum corps in Brodhead and already some instruments have been purchased. Completion of the organization will not take place until after Memorial Day when it is hoped to perfect a band that will be a credit to the community.

Personal Items.

Rev. and Mrs. T. Conklin and Mrs. S. P. Tatt came from Sayre, Iowa, on Thursday, bringing the latter for an extended stay at her home here. They came in an automobile but found roads very bad in many localities.

On account of rain and high water the work on the new electric plant is temporarily suspended.

Miss Martha Busche left on Thursday for her home at Marshallfield, after spending several months here.

A. H. Douglas returned Thursday from a business visit to Shullsburg. Mesdames Clara Roderick and Frank Parker were visitors in Janesville on Thursday.

Louis Bernstein has recently treated his residence to a new coat of paint.

At the M. E. Church on Sunday morning the service to be presented by Rev. David H. Levin will be a Memorial sermon addressed to the Veterans of the Civil War, members of the Woman's Relief Corps and Sons of Veterans. Evening worship at 7:30.

Christian Science services in the Masonic Temple will be held next Monday evening in the Red Cross rooms at 8:00 o'clock. Election of officers and other business.

In lieu of the new law which goes into effect in July regarding the sterilization of whor, a meeting of cheese makers and factory owners will be held in the Court House in the City of Monroe on Saturday, June 1st, 1918, to consider the matter. Farmers and others will enter strong protests against such a law as unnecessary because in the manufacture of Swiss cheese the contents are heated to the required point necessary to kill any disease germs.

NOTICE—The Gazette is on sale in Brodhead at Miller's News Stand.

## Mother Tells How Cuticura Healed Baby's Itching Eczema

## On Face and Head Could Not Sleep Nights Hair Fell Out

"When four months old, my baby had itching and burning eczema on his face and head. The skin was sore and red, and the eczema caused disfigurement for the time being. He was very fretful and restless. He could not sleep nights, and he kept me awake also. The eczema caused his hair to fall out.

"He had the eczema about two months. One night I read about Cuticura Soap and Ointment, and started to use them, and after using one box of Cuticura Ointment and one cake of Soap he was entirely healed. He is now three years old and has not been troubled with eczema since." (Signed) Mrs. Marie Ward, 904 Fitzgerald St., Bay City, Mich., July 17, 1917.

Cuticura is a pure, gentle soap, ideal for every-day toilet use. Applied by touches of Cuticura Ointment as needed it does much to prevent skin and scalp troubles.

Sample Each Free by Mail. Address post: "Cuticura Dept." and "Send" and "Everywhere." Soap Box, Ointment 25 and 50c.

## Capitalize Your Leisure Time This Summer

Three months of youth are worth a year of manhood. Use your time well. Preparation NOW means a better salary—a higher position in the months to come.

Hundreds of men have become successful in business because they capitalized in their leisure time. Summer did not mean three months idleness to them.

## Never Before Have There Been Such Opportunities for Young People

Are you conserving your leisure time? You work eight hours, sleep eight hours, that makes sixteen. Where are the other eight? You can account for part of them. So much time for eating, for recreation, in going to and coming from work.

But what about the two or three hours each day unused or wasted?

## Salaries for Office Work are higher than they have ever been before

Thousands of men have left good positions for war service. Their places must be filled if business is to continue as before. Women and young men must fill most of them. There is an unprecedented demand for trained office workers and salaries paid were never so high as now.

We will have so many calls for bookkeepers and stenographers by

Trained workers are absolutely demanded by our complex system of manufacture, trade and transportation and the added needs of a nation at war.

The unskilled workman is discounted everywhere. He simply cannot do the work required by modern business. The trained person always gets the best salary.

Join our school and CAPITALIZE THIS LEISURE TIME.

A few hours a day devoted to systematic study will make a LARGER SALARY FOR YOU.

Those who enroll now have the advantage of completing in the fall, the best time of year to secure a position.

Attending our school this summer will help you to earn more because it will make you worth more.

You have to work. Make your services as valuable as possible. Get a position worth while. What you KNOW counts most. It is better than "pull" or "luck."

In the shortest possible time and at the minimum of expense, we will qualify you for an office position.

One reason office work is so attractive is because it leads to higher positions. Only those in touch with conditions realize the limitless opportunities to be found in business at this time.

Call or write for full information about the subjects you are interested in.

Special rates during June, July and August. Begin any day. Individual instruction.

## JANESVILLE COLLEGE

WISCONSIN

REMEMBERIT PAYS TO ATTEND AN ACCREDITED SCHOOL

# The Janesville Daily Gazette

New Building. 200-204 East Milwaukee St.  
Entered at the Postoffice at Janesville, Wisconsin, as Second-class Mail Matter.  
MEMBER OF ASSOCIATED PRESS.

BUSINESS OFFICE OPEN SATURDAY EVENING.

## OUR SATURDAY NIGHT.

For the past week the city has been turned upside down by a dozen teams of workers for the new Chamber of Commerce, soon to be organized. At the commencement of the work there were plenty of people who said, "It can't be done! You will never find four hundred men who will agree to pay twenty-five dollars a year for three years for the support of any kind of an organization." But one hundred enthusiastic men, working for a single purpose, can do anything, and by Wednesday noon they had gone "over the top" with eighty names to spare, and the campaign closed with over six hundred members. The man who didn't join is sorry.

The campaign was an educator from start to finish. It inspired confidence in our home town and developed optimism to a degree never known before. It interested hundreds of men who had never been interested before. The "get together" spirit was in the air, and criticism faded away like dew in the morning sun. The captains and team workers preached the doctrine of democracy, and every member secured was given to understand that his voice was just as potent as the voice of any other member. The workers met for a noon lunch, and to make their reports, every day of the campaign, and last Wednesday noon at the Grand hotel, the men were very much surprised and gratified when one hundred and fifty boys from the High School marched into the dining room and pledged appreciation and loyalty. It was an inspiring sight and will be long remembered by the men who were present.

Mr. Otto—one of the organizers—was the speaker on Wednesday, and after the boys had gone he gave a very instructive talk on the importance of providing for the coming generation. A week before he had sent out to the High School scholars a questionnaire, and three hundred and forty-four answers had been received and carefully compiled. One of the questions was: "Do you intend to remain in Janesville after you graduate, and one hundred and forty-two answered, "No." Then Mr. Otto said: "It is estimated that every man who locates permanently in a town is worth one thousand dollars a year to that community. Here is one hundred and forty-two thousand dollars in prospective citizenship, which you are liable to lose unless you make efforts to retain the boys." A variety of opinion was expressed by the boys, regarding to what they thought Janesville needed. These have all been compiled for future reference, and will be valuable data for constructive work.

Among the speakers at a dinner at the Hotel La Salle, Chicago, last Tuesday, where one hundred newspaper men from the middle west were present, was a gentleman from the National Chamber of Commerce at Washington. Connected with this organization are more than eleven hundred Chambers scattered over the country, representing every nook and corner of the land, and while this vast organization is not a part of the government, the speaker said that the administration depended on it for valuable information on many important topics.

He said that whenever Congress was considering any question that was vital to the welfare of the country that the President tested the pulse of the people through the National Chamber of Commerce. This organization sends out a questionnaire to every Chamber in the country, asking that a vote be taken on the question under discussion. When the answers are in they are compiled, a copy placed on the desk of every congressman, and this information enables him to vote intelligently. This is patriotic service just now, and its value will be recognized. The Janesville Chamber of Commerce will be a branch of the National, as soon as organized, which will probably be next Wednesday.

The speaker said that German efficiency was largely due to its Chamber of Commerce organized more than two hundred years ago. He said that all the nations of the old world, except Turkey, had long worked through this medium and that the United States and Turkey, were the last two great nations to get in line. The first Chamber was organized in this country thirty years ago. Today we have a larger membership than any nation in the world.

It is an honor to any man to hold a membership in this great organization, and there is time yet to get aboard before the home procession commences to move. A few have refused to join for various reasons, and some may have been inadvertently overlooked. The Gazette is authorized to say that everybody is invited to participate—farmers as well as city residents. Enroll your name at headquarters on North Main street and become a charter member of the most democratic organization in existence. Let us get together as one man and put Janesville to the front. It can be done and the city needs your help. No cliques or clans, and no opportunity to say that anybody is trying to run things, but a long, strong pull all together for civic betterment and public welfare. That means all of us.

The following poem by Charles Elbert Whelan, has nothing to do with Chambers of Commerce, but it has to do with that damnable feature of the war known as German brutality for which the German government is responsible. It is entitled "Kultur's Dilemma of Womanhood." Read it and let your blood boil with righteous indignation.

Oh, God! What shame! What shame is come to me!  
And I had loved thee well, my Germany!  
I held thee high, as pure and clean and strong;  
But now the Devil's fingers, clutching thee,  
Have belted thee in the filth of brutal wrong!  
And thou dost have therein as twofold pride  
To wash thy soul where blades' severals slide,  
In stenching river, flows upon our land,  
What fun from hell doth now thy action guide?  
What deed hath bought thy soul, thy heart, thy hand?  
Of all God's creatures thou art now the least,  
Demeaned in the scale to less than beast,  
Dug up, despoiled, within the forest deep,  
Thou art the daughter of a carnal feast!  
Tread right to death, and ceaseless vigil keep,  
To save its own, whilst thou, with cunning wile,  
With brazen openness and force, defile  
Thy womanhood in Kultur's name.

Can't these lips again in gladness smile? Oh God!  
I pray Thee curse the soulless, insane clod  
Who came to me with orders from the king,  
My Emperor! And let Thy curse yet bring  
Instruction, force and certain to them all  
"Gleash! Gleash!" Lot Horror's garments cling,  
"Thy Memory shall live in anguish thrall!  
Degenerate of race! If aught remain  
Of conscience or of reason in thy brain,  
Know thou this act is not by God forgot.  
I pleaded with thy dirty ear in vain;  
An animal I found, a war-drunk sot.

My heart stood still. Again, with streaming eyes  
I thought of him that he immortalize  
The German manhood and the Teuton fame;  
Renounce the deed which decency belies;  
Defy his bloody master's newest shame.  
"It's ordered thus," he said, "I but obey."  
As well to argue with a thing of clay!  
And can it be that this was once a man,  
With face lit up with honor, and today  
A relic of the cave, when life began!

Behold this product of the Prussian mind,  
This latest gift of Kultur most refined!  
It sends its slaves, as messengers from hell,  
To turn to harlots all its womankind!

Go, now, and this to coming ages tell!  
Write this shameful deed upon the page,  
And then suborn thy wisest, servile sages  
To boast thy valor on the field of lust!  
Tell how thy hosts thy women did outrage,  
"Thy chastity lay bleeding in the dust!"  
Strike now new medals for the manly breast—  
Of him who murders virtue at thy feast;  
And let the king, my Emperor, my lord,  
Himself the brave and sensuous knight invest  
With emblem of his most divine accord!

How low, ye world! Behold the god of might,  
The monstrous being on the orb of light!

Doth follow as the master of its course;  
Who maketh day at will, and calleth night  
To answer prompt the impious word of force!  
And dost thou hope unscathed unharmed to go?  
Dost thou believe that he will pity show  
To thy beloved, who will not spare his own?  
Look now on me and let thy women know  
Dishonor sits upon the German throne!

Through walls of battle flame to us hath crept  
The stories of an infamy so steeped  
In viciousness it seemed a Moloch's brew.  
And when these tales, in stealthy whisper seeped  
Within mine ear, I branded them untrue,  
Impossible to German manhood. But, alas!  
I fear me that is gone, submerged in mass  
Of perfidy and cruelty so foul  
That German soul hath smothered; and they pass,  
These brothers, mine, like beasts of prey, who prowled  
With noses high to catch the leading scent,  
And stalk the victims of their vile intent.  
With orders from their king, And these poor fools,  
In Kultur's forged twisted, shaped and bent,  
No longer men, are simply stolid tools,  
Devoid of all save instinct primitive.  
Demand they now that German women give  
The birthright of their chastity?

If such there be who yet on earth doth live!  
Break through the walls into this carnal den!  
In name of world-wide womanhood we cry  
For honor's legions. Up, ye men! Defy  
The fury of this diabolic race,  
And thus to Kultur's insults make reply!  
God grant your daughters have not this to face!

In coming years, as German childhood plays,  
We pray they be not caught in madd'ning maze  
Of wicked Hohenzollern's crafty school,  
And taught the Prussian arts and wiles and ways!  
Impress them, God, with stamp of Golden Rule!

Where Kultur reigns, crime loses taint of crime;  
The victim's shrieks are agony and rhyme,  
Rhapsody by ghoul's minstrel's played,  
With heart-beats, agonized, to mark the time—  
A moan of pain is Kultur's serenade!

I pray Thee, God, deliver us from hell!  
Our suffering no mortal tongue can tell!  
God pity me! Save others from my fate!  
Almighty God, who doeth all things well,  
Forgive me if my soul hath turned to hate!

**SUMMER SAVING**  
of Steps, Time, Energy, Food, Money

A McDougall Kitchen Cabinet is a big saver at any time, but  
particularly in the summer when days are hot, when steps  
become miles, and when kitchen work becomes double drudgery.

Besides being a better kitchen cabinet, the McDougall also  
helps you at the stove, at the ice-box, in the pantry, and  
in the better utility of foods themselves.

A McDougall is a patriotic possession in  
the time, food and money it saves. It is a  
star in your kitchen.

The first kitchen cabinet ever made was  
a McDougall. The cabinet which still leads  
in conveniences and method is a McDougall.  
A McDougall is the first and last word in  
kitchen efficiency.

And, with all this, a McDougall costs you  
no more than makes which do not combine  
this prestige and efficiency. Please note that.

And, in addition, an easy payment plan adds  
to the convenience and ease of buying.

Come see it. Try for yourself its ex-  
clusive Auto-Front and other McDougall  
features. Your kitchen is incomplete with-  
out a McDougall. It takes the heat out of  
summer days in the kitchen. It more than  
pays its easy buying way.

Show this advertisement to your husband.  
He, too, will be interested in the McDougall  
way of saving steps, time, energy, food, money.

## SIDE LIGHTS on the CIRCUS BUSINESS

By D. W. WATT

Former Manager Burr Robbins  
and Later Treasurer of Adam  
Forepaugh Circuses.

On Thursday last I went to Evansville to attend the funeral of Colonel George W. Hall who was away at high noon on Monday last, after a brief illness. The passing of Col. Hall takes the last sturdy old oak out of the grove of early day circus managers. This eminent man in more years in the circus business than any other circus manager living or dead. A part of his early life was spent in New York city, and when a mere boy, Broadway, in fact all streets in lower New York, were as familiar to young Hall in those days as the beautiful city of Evansville was where he spent many years of the best of his life.

The writer had been intimate with Col. Hall, and while he was peculiar in many ways, under the rough exterior he had a kind heart, and many neighbors and friends in Evansville will testify to the much more than that Col. Hall had done in his home city in years past. While he never owned a Barnum or a Ringling show, for many years he traveled and managed his own show in nearly every civilized country in the world. He was one of the most interesting characters to listen to when telling of the experiences in far off countries. I have been interested listening to his stories of both pleasure and hardships which he went through in countries that I knew nothing of, for in

my time in the business I always thought the United States was large enough and good enough for me, and under no circumstances could I be induced to travel with a circus in foreign countries.

The funeral services were held at the beautiful home of his daughter, Mrs. Albee Campbell, and were conducted by Rev. Charles E. Coon of the Methodist church, Lake Mills. Rev. Coon was a close personal friend of Col. Hall, and entered under an agreement with Col. Hall some five years ago, while pastor of the Methodist church in Evansville, that if he was not so far away as to make it impossible to come to Evansville that he would officiate at his funeral and preach the sermon, provided he survived Mr. Hall.

The services were held at 3:30 p. m. and were opened up by the Evansville band, which was stationed on the lawn directly in front of the house, playing "Nearer My God to Thee." Rev. Coon during his remarks told of many deeds of kindness he personally knew of done by Col. Hall during his residence in Evansville, and in every instance Mr. Hall insisted that his name should not be mentioned.

It is not long ago that an old friend of his with whom he had been associated some years died in Chicago. The friends who immediately telephoned Col. Hall, telling him of the death of

his old friend and when the funeral was to be held. At the time Col. Hall was sick in bed, but insisted that his wife should go to Chicago to the funeral. His wife replied, "No, I will not leave you." Mr. Hall then told her to write a nice letter of condolence and enclose a check for \$500. They are financially and Chicago is a cold city for one to be in trouble, especially without any ready money.

Col. Hall had passed his four score years, and while his health the past year or two had been better than usual, years had counted against him, the last grain of sand had dropped from the hour glass and Col. Hall was no more. The funeral procession was one of the largest ever held in Evansville.

The band marched to the cemetery and about 5:15, while the band was playing a dirge, the remains of Col. Hall were lowered to their resting place. Peace to his ashes.

President and Mrs. Wilson and party attended the Barnum & Bailey circus at Washington Tuesday night. The circus left the show grounds at 8:45 in the president's car, they were escorted to the big top through the cheering and cheering of the big crowd. The show was played by The Star Spangled Banner. A large American flag was draped from the big aerial rigging, and the manager sent out special pains to see that the band and Mrs. Wilson and party were comfortable in every way. The decorations around the box were beautiful and the party enjoyed the show immensely. When they left the big tent the audience cheered heartily again. The tent was filled far beyond seating capacity. The first night in the Capital city thousands of people were turned away, the three ticket wagons closing at 7:30.

A service flag containing 214 stars was unfurled Sunday night for the first time at the Ringling Brothers circus. The flag represents the total number of men from the circus now serving their country, either in the cantonments or in France.

Every department of the big show, including performers, animal men, executive staff, razorbacks, clowns, cookhouse boys, elephant trainers, and billposters, contributed its quota to the army and navy during the last few months.

They are now in training in nearly every cantonment and camp in the country, as the circus is made up of persons from every state in the union. Charles Ringling is greatly pleased with the service showing made by the employees of the show. He is confident the circus itself will render a tremendous service to the country during the coming season, not only through the amount of money it will earn for the government in war taxes on admissions, but also with the message of cheer and laughter it will bring to every community during a time when the nation vitally needs just such a message.

## Notes on Red Cross Work

(Arranged by Mrs. Abbie Helms.)

Renewed consecration to the Red Cross work should be the thought of every woman in Janesville this week. Since this is the only definite service asked of the women of the nation by the government each woman should feel obliged to seek out some task connected with Red Cross work and do it faithfully day by day. The heads of the different departments have been most untiring in their devotion to the work of war, and the women as a whole have rallied to the cause most wonderfully. And yet, when detailed are considered, the burden of carrying out the work has fallen on a very few. Not what the Janesville chapter is doing, but what each woman is doing in Red Cross work is the vital thing just now. As much as men are going across all the time, just so much more will these supplies be needed, and every loyal woman should enlist in the Red Cross and do her part of war work in this crisis of our nation's welfare. The dollar fee asked from Red Cross workers does not release any one from personal service. Every man, woman and child who enlists in the Red Cross work is a soldier, and is pledged to fight in every way against German propaganda and against German autocracy.

The Hospital Supplies Committee: This department has been hampered in its work, as has every other part of Red Cross work, by lack of suitable materials. The headquarters in Chicago desires that supplies be purchased through them wherever possible, and they send out price lists regularly. But the local committee has had an order in at headquarters for two months for 1,000 yards of outing flannel or flannelette suitable for the hospital garments, but not yet received any of the shipments. Consequently it has been necessary to buy small lots in the market wherever they could be found.

Five loyal women have been coming to the workshop weekly from the town of Rock. When they are familiar with the work it is expected they will assist in forming an auxiliary in their neighborhood. Donations have been received from Orfordville, Avalon, and a box containing small supplies for all departments from Fulton Center.

The Refugee Garment Committee: This department has received some very nice donations this week. The fourth grade of the Webster school, Miss Nelson, teacher, sent in some handwork showing very good work on the part of the pupils. The Busy Little Bee club also sent in some very nice things. Misses Florence Webb and Margaret Spooner also made and brought in a very pretty donation. Babies' layettes have also been contributed by the Semi-Monthly club and by Mrs. L. Spencer and Mrs. Baldock. Also, layette has just been finished by Mrs. Rogan for Mrs. M. G. Jeffris, who planned and furnished material for it. Donations were also received from Mrs. George Thomas and from Orfordville, Avalon and Fulton Center. Four beautiful little baby crib blankets, pink and blue in color, were furnished by six girls from Eastwick's store—the Misses Croft, Connors, Quirk, Downing, Broderick and Klingebell.

Surgical Dressings Department: About 15,000 yards of gauze was used in making the quota of compresses sent in by this committee last month. At the time the cost was four and a half cents a yard. This month with the varied quota asked from the chapter, gauze, cotton and unbleached muslin are used. There were 114 girls present at the evening class on Wednesday and they made 150 tampons. The quota for this month will be filled very easily, being small than usual. Dressings, bandages and other supplies are coming from the auxiliaries in goodly numbers, and with fine workmanship.

Knitting Department: In response to the question, "Where do the sweaters go?" Mrs. Ida McGlone Gibson, who has just returned from France, has seen everything the American Red Cross does for our boys "over there." "When I arrived at our American training camps and saw our boys, some of them just back from the trenches with the sweaters showing under their tunics, I wished every woman in America could realize just how much comfort these garments were bringing to those they love. Since I came back, every time I see a woman knitting socks I want to go to her and tell her how I saw our Christmas morning, at the French boys' largest training camp in France, boys holding their socks to their breasts and fingering them much as a child does a beloved rag doll." Owing to the increased demand for these sweaters and socks to outfit the men being sent across seas, the local chapter is asking that the knitters turn their attention to these articles, needed for the men at this time. This accounts for the fact that so few of the other articles have been sent in. Only one scarf, one cap and three helmets were received last week. Besides these, 225 pairs of socks and 57 sweaters have come in from Janesville knitters; also 50 pairs of wristlets. The number of sweaters made during April was small, because the supply of yarn for sweaters was limited. But in spite of that fact \$500 was expended during April for yarn. During April and the first week of May was given out 175 pounds of sock yarn. A large shipment of sweater yarn is expected and when it does arrive due notice will be given. Then it is hoped that the knitters will do their best on sweaters. There is a quota of 500 expected from the chapter during June, and of these there are 125 already done.

An interesting item connected with the work is that Mrs. George Francisco knits four pairs of socks each afternoon of work on the knitting machine. One day she made a pair of one pair in ten minutes. She is also turning out ribbed tops of socks, later used by women who knit on the rest by hand. The women were a little doubtful of these at first, but seem to like them more as they get used to them. One expert hand-knitter has to her credit about 100 pairs of socks beautifully made. She is perhaps the champion of this chapter. (Would like to hear from others.)

About 50 Martha Washington bags have been made and contributed by the women of Janesville. They are in a chance of underwear and some simple necessary toilet for women, they are gratefully received by the

refugees, who are oftentimes without anything, and the collection of these bags in Janesville has been a volunteer service and much appreciated by the "American Fund for French Wounded," 55 East Washington avenue, Chicago, under whose auspices it has been done. It has no connection with the Red Cross organization.

## Cadillac Certainty of Service

## Should Be Your First Consideration

The Cadillac has many obvious merits—style, comfort, power, speed, economy, ease. But the one merit attracting most buyers today is the Cadillac certainty of service.

When you buy a Cadillac you need not "hope" it will give good service. You KNOW it will give the most satisfying service which can be built into an automobile—and that for many years.

This certainty of service is what cautious buyers demand today. Well-informed buyers know such service can only be a product of correct design, fine materials, exact workmanship—the definition of Cadillac.

A year ago you might have bought a cheaper car—trying to save a few hundred dollars—knowing you could change to a Cadillac if need be.

Now you cannot wisely run the risk. When you want to change, the Cadillac will surely cost more if obtainable. It is best to buy certainty of satisfaction in the beginning.

SPORT WORLD IS PROUD OF HEROES IN FRANCE

(By International News)  
New York, May 25.—Every now and then there is news flashed across the Atlantic that sets the sport world alight with pride for some of its heroes who are serving in the great war.

The most recent bit of news that caused a thrill was the story of how Lieut. Eddie Rickenbacker, formerly an automobile race driver, and now with the American flyers, brought down his first Hun and escaped unhurt after a daring and thrilling

Some time ago Lieut. R. N. Williams, U. S. Army, was mentioned for bravery and competence under fire in the field artillery. Williams is a member of a gun crew which means one of the great French 75's.

Henk Gowdy, the veteran heavy-weight fighter, is one of the few survivors of the famous Princess Patricia's "Night" regiment of Canadians that ever went over the top. Gowdy enlisted, too, and would probably not have been for a bullet from the rifle of a German sniper, which paralyzed his right arm.

**BATTING HONORS FOR WEEK IN A. L. STILL HELD BY "BABE" RUTH**

Chicago, May 25.—Although forced out of the game because of illness, "Babe" Ruth, star pitcher with Boston, still clings to the batting leadership of the American league with an average of .407, according to averages released today.

This speaker of Cleveland, who was pressing Ruth a week ago, fell into seventh place, giving the runner-up position to Schultz of Washington. Sisler of St. Louis boosted his average twenty points, being fourth in the list with .361. Sisler also is leading in base stealing with thirteen. Walker of Philadelphia collected another home run, bringing his total up to five.

St. Louis held on to the leadership in team batting with an average of .277 and Chicago in team fielding with .970. The averages include games of Wednesday. The leading batters who have played in more than half of their club games:

Luth, Boston, .407; Schultz, Washington, .400; Hooper, Boston, .364; Sisler, St. Louis, .361; Burns, Philadelphia, .358; Speaker, Cleveland, .355; Baker, New York, .351; Strunk, 328; McMullin, Chicago, .329.

**National League.**

J. C. Smith, the Boston third baseman, is the real leader in the National league with an average of .408 for thirty games; although Larry Doyle, the New York veteran, tops the list with .425. Doyle, however, who is recovering from an operation, has only played in fifteen games. In his last seven games, Smith collected ten hits.

George Burns of New York, who is leading the base stealers, has fifteen thefts to his credit. Doyle, Wickland of Boston, and Luderus of Philadelphia are tied for home run honors with two apiece. New York is leading in team batting and fielding averages of .287 and .970 respectively. The averages include games of Wednesday.

Leading batters:

Doyle, New York, .425; J. C. Smith, Boston, .408; Kauff, New York, .362; Wickland, Boston, .344; Merkle, Chicago, .343; Young, New York, .330; Haubert, Brooklyn, .329; Wilson, Boston, .328; Lee Magee, Cincinnati, .325; Burns, New York, .318.

**American Association.**

First baseman Johnson of the Milwaukee club topped Good for the batting leadership of the American Association with an average of .378. Gleichenman of St. Paul is batting .373, but he only participated in eleven games as compared with eighteen for Johnson. The averages include games of Wednesday.

Johnson also is leading in base-stealing with eleven and in total base hitting with thirty-nine. In eighteen games he bagged twenty-six hits, seven of them doubles and two home runs. The leading batters:

Gleichenman, St. Paul, .378; Johnson, Milwaukee, .377; Kores, Louisville, .364; Good, Kansas City, .362; Lajoie, Indianapolis, .339; Lelievre, Louisville, .335; Schultz, Kansas City, .333; Collins, Columbus, .327; Glenn, St. Paul, .324; Bronkie, Indianapolis, .317.

All patrons of billiard academies are going to be taxed next fall. The tax won't be much, but as the old saying goes, "Many a rickie makes a muckle," and this taxation will provide a lot of recreation for the boys who are fighting for you and us in No Man's Land. The plan of taxing the billiard players is this: Starting early in September and at the end of each week throughout the season every man who patronizes a billiard hall will be asked to pay five cents toward a fund to purchase billiard tables and apparatuses for the soldiers. This is not a government tax. There is nothing compulsory about it. All the cities in the country probably won't see that it is put into effect. But a great number of them will, and New York is one of those. Of course anybody who can afford to play billiards is not going to miss the five cents a week. When it is considered that there are about 100,000 players in the country, how soon a tidy sum can be raised to carry out this worthy project.

Clubs in organized baseball, major and minor, can not hereafter use players enlisted in the military service who are on the voluntary retirement list of other clubs. The national commission holds that any games in which such players have been used should not be counted in the record of championship games. The commission announced that it will take action to discipline clubs which violate the rule. A number of clubs in the Texas league have been using soldier players and their line-up from time to time. The commission decided to put a stop to the practice.

The honor pulled by Lefty George in the Columbus-Louisville game recently should go down in the annals of the game as one of the biggest ever. With two out in the ninth and the score 3 to 2 in favor of his team, runners on third and second, and a man on first, George gathered in the tap neatly—instead of throwing the batter out at first and ending the game he tossed the ball to the plate to get the runner coming in. The catcher wasn't looking the ball went to the stand and two runs scored—enough to reverse the decision. And this same George has been playing ball for ten years!

Another novelty will be introduced in lawn tennis circles this season—a championship tournament for husbands and wives. The New York Tennis Club will stage this tourney beginning July 13. Eligibility requires that the pairs competing in the mixed doubles must be what the mixed doubles are, that is, composed of husband and wife. The plan was copied from the English Lawn Tennis association, that has for many years conducted a husband and wife tourney. The national championship on the courts of Nottingham.

The time honored sport of Japan is not, as is supposed by most Americans, a game of skill, but a game of wrestling. Wrestling is the oldest sport in Japan and the members of the profession have clung to old traditions ever so far as wearing top knots, which most Japanese have discarded.

But when the Japanese wrestlers have been unable to withstand the lure of baseball and they have formed a number of ball clubs which will play the Japanese college teams for the championship of the island kingdom. In Japan this is regarded as the first move of the Japanese to change the national sport from wrestling to baseball and it is meeting favor with hundreds of thousands of natives.

Golf leaders of this country are trying to bring Harry Vardon and James Braid from England for some matches this summer. The last time Vardon was in this country he and both were panned by Edward Switzer, who was defeated in the national open championship by Francis Ouimet, who is now a sergeant in the national army.

Mrs. Colony was accompanied by Mesdames Boardman, Smith and Hanson, also of Evansville, all of whom were welcome guests at the club.

The Whatsoever Circle of the King's Daughters will hold an annual benefit during the last days of May each year. This time it took the form of an "Experience Social," when each member was asked to earn a dollar and tell either in sober prose or poetic rhyme how she "earned her dollar." A number of budding poets were discovered and many a merry jest and thought was given with the money. About thirty-five dollars being the amount raised. Light refreshments were served at the close of the evening.

Thursday afternoon a very interesting game took place on the college campus. The Co-eds had been practicing for some time and finally they came out in public with a grand baseball game. Some of them did remarkably well and all of the players and spectators enjoyed the contest thoroughly.

**GOODRICH TESTED TIRES**

HERE's a lot of geography in the wear of tires. Some wear well in one region, and wear out in another. Climate, peculiar roads and road conditions are the cause of it. Therefore, good service in a single region is not enough proof of tires that must undergo nationwide use. Least of all could it measure tires up to the TESTED standard, Goodrich demands of tires.

With a command to find out what Goodrich Tires do on the roads of every section of our country, and what the roads of every section do to Goodrich Tires, Goodrich sent its famous Six Fleets of over forty cars, light and heavy, the length and breadth of our nation to an aggregate mileage of 1,044,686 linear miles, and 4,178,744 tire miles.

The Pacific Fleet contributed 166,960 miles on desert paths and coast highways; the Mountain Fleet 55,796 through the Rocky Mountains; The Dixie Fleet 3,285,860 in the South and North Midland; the Prairie Fleet 198,744 on the Great Plains; The Lake Fleet 217,372; and The Atlantic Fleet 254,012 on a grand tour of many tours ranging from Virginia, through New England, and back to the City of Goodrich.

Throughout this road roughing, SILVERTOWN CORDS, and BLACK SAFETY TREADS, proved themselves the tires of durability and dependability wherever you go in our broad land. They verified all the good qualities of Goodrich Tires, and revealed many new virtues.

Get the economy, the comfort and certainty of such proven service by demanding the tires proved out in 4,178,744 miles over American roads—America's Tested Tires.

## Kimball's are the "Big" Furniture Store of Southern Wisconsin

Ample Stocks of Extra Good Furniture and the Most Courteous Service Has Characterized This Store Since the Civil War.

Away back in ante-bellum days there was started on the present site of the Kimball furniture store a small shop devoted to the manufacture and sale of furniture. This shop was owned by a man named Sager who started it along about 1864, continuing its operation until a disastrous fire completely destroyed the building and interest in the conduct of the business.

Returning from the war in 1865 Col. Britten, one of the 168 survivors out of a 1,000, of the famous 8th, Wisconsin regiment, known in history as "The Eagle Regiment" having had for their mascot the famous war eagle "Old Abe," together with a Mr. Harrison erected a substantial building on the ground formerly occupied by Sager's store and again started a furniture store for Janesville. This partnership continued until 1868 when Fenner Kimball, father of the present owner, purchased the interest of Mr. Harrison and the new firm, known as Britten & Kimball, continued the business until 1886 when J. J. Hall bought the interest of Col. Britten and Frank D. Kimball, the present proprietor, assumed his father's interests. After eighteen months' time Frank D. Kimball bought out Mr. Hall and has continued to operate the business until the present day with increasing success.

At the present time the business occupies a large three-story double store, brick building and full basement. Shown on these floors are the very latest designs in period furniture, more conservative designs and a great many household utilities that make for the comfort and ease of the housewife—refrigerators, kitchen cabinets, vacuum sweepers; as well as a very complete assortment of office furniture and appliances, desks, filing cabinets, etc.

The personnel of the business at the present time is made up of four very courteous and efficient employees: J. W. Van Beynum, C. A. Thompson, August Kreuger and Miss Hazel Baker, in addition to Mr. and Mrs. Kimball, both of whom take an active interest in the conduct of the business.

For many years Mr. Kimball has devoted a great deal of his time to acting as funeral director and is known throughout Southern Wisconsin for the very able manner in which he takes charge of work of this kind.
